

INDEX OF SUBJECTS AND AUTHORS

VOLUME XXVI.

- Accessory Cavities, Reports on Diseases of the, 446
- Acoustic Tract, Involvement of the, by Tumors of the Mid-Brain, especially of the Corpora Quadrigemina and Tegmentum, 335
- Adenoid Vegetations, 92
- American Otological Society; Report of the Thirtieth Annual Meeting at Washington in 1897, 320
- Anatomy, Reports on, 60, 190, 324
- Antrum, Direction for Entering, through Nose, 89
- Auditory Nerve, Alcoholic Neuritis of, 327
- BARKAN, Chronic Otitis Media Purulenta, Abscess in the Temporal Sphenoidal Lobe, followed by Purulent Leptomeningitis; Operation, Death, 368
- BARR, A Case of Chronic Purulent Inflammation of the Middle Ear on Both Sides, 237; Case of Cerebellar Suppuration caused by Middle-Ear Infection through the Internal Auditory Meatus, with Thrombosis of the Cavernous Sinuses, and Basic Lepto-Meningitis, 241; "Diseases of the Ear," Review of, 105
- BEZOLD, The Position of the Consonants in the Tone-Series, 383
- BLOCH, Report of the Fifth Meeting of the German Otological Society at Nuremberg, May, 1896, 111; Report of the Proceedings of the Section of Otology at the Sixty-sixth Meeting of German Naturalists at Frankfort, September, 1896, 119; The Diagnosis of Perforation of the Drum Membrane, 414
- BOENNINGHAUS, "Meningitis Serosa Acuta," Review of, 107
- Book Reviews, 103, 461
- Brain, Differential Diagnosis of Abscesses of the, 121; Diseases of the, following Suppurative Otitis, 77, 426; Involvement of the Central Acoustic Tract by Tumors of the, especially of the Corpora Quadrigemina and the Tegmentum, 270; Non-Infected Thrombosis of the Sinuses of the, Due to Operative Injury, 175; Otitis Abscess of the, in the Occipital Lobe, 297; Surgery of the, 209; Three Fatal Cases of Disease of the, from Otic Complications, 261
- Canine Fossa, Diseases of the, 229
- Cerumen, Unskillful Removal of, followed by Bone Disease, 326
- CHEATLE, A Case of Congenital Audicular Sinus with Recurring Inflammation, Operation, Recovery, 188; the Conducting Portion of the Labyrinth, 185
- Chloroma of the Temporal Bones,

- Lateral Sinuses, Orbits, simulating an Otitic Phlebitis of the Cavernous Sinus, 289
- Cholesteatoma, Case of, in the Antrum and Mastoid Region, 26 ; Death following Removal of, owing to Aerial Embolism, 50
- COHEN-KYSER, A New Method of Treating by Digestive Ferments Deafness Due to the Sequelæ of Catarrhal and Suppurative Inflammations of the Tympanum, 158
- Compressed Air, Pathology of Affections of the Ear Due to, 400
- Consonants, The Position of the, in the Tone Series, 383
- Copenhagen Military Hospital, Report of the Division for Diseases of the Ear, Nose, and Throat during the years 1888-1893, 308
- Deafness, Use of Thyroid Extract, in cases of, 73
- Diabetes, Middle-Ear Suppuration in, 412
- Diphtheria, Pathological Conditions in, of the Middle Ear and Sphenoidal Sinus, 151
- Ear, Pathology of Intra-Cranial Complications, in Diseases of the, 362 ; Relation Between the, and the Eye, 123
- Embolism, Aerial of the Sinuses, 294
- EULENSTEIN, A Case of Otitic Pyæmia Cured by Excision of the Thrombosed Internal Jugular Vein, 147
- Eustachian Tube, Adhesion, Connecting the, with the Pharyngeal Wall above, 322
- External Auditory Meatus, Hyperostosis of the, 43
- External Ear, Reports on Diseases of the, 67, 199, 330 ; Sarcoma of the, 115
- Facial and Trigeminal Nerves, Homolateral Affection of the, 392
- General Therapeutics, Report on, 329
- German Otological Society, Report of the Sixth Meeting of the, at Dresden, 1897, 379
- Goutiness in its Relations to Diseases of the Ear, 320
- HAENEL, A Case of Tubercular Caries of the Middle Ear Perforating the Fenestræ Rotunda and Ovalis, 130
- HARRIS, Reports of Over Seventeen Hundred Cases Tested with Hartmann's Series of Tuning-Forks, 1
- HARTMANN, Hyperostosis of the External Meatus, 43
- Hearing, Tests for the, 111
- HEGETSCHWEILER, Bezold's Mastoiditis, with Pyæmic Symptoms, 313 ; "Tuberculous Affections of the Ear," Review of, 103
- HOFFMANN, Extensive but Non-Infected Thrombosis of Several Sinuses of the Brain, and of the Jugular Vein Due to Operative Injury of the Lateral Sinus ; Recovery, 175
- HUBBARD, The History and Necropsy of a Case of Fibro-Sarcoma of the Naso-Pharynx, and Middle Cerebral Fossa, 168
- Influenza, The Ear Complications of, 321
- Instruments and Remedies, 198, 330
- Internal Ear, and Nervous Apparatus, Reports on Diseases of the, 77, 219, 437
- Jugular, Resection of the Internal, 118
- KARUTZ, Popular Medical Superstitions Concerning the Diseases of the Ear, Nose, and Throat, 244
- KAUFMANN, A Case of Homolateral Acute Affections of the Auditory, Facial, and Trigeminal Nerves, 392
- KÜMMELL, Notes on the Pathology of Intra-Cranial Complications in Ear Disease, 362

- KOERNER, A Case of Chloroma of Both Temporal Bones, of Both Lateral Sinuses, and of Both Orbits, Simulating an Otitic Phlebitis of the Cavernous Sinus, 289; the Literature of Chloroma of the Temporal bone and of the Ear, 289; Notes on a Case of Middle Ear and Mastoid Suppuration in a Diabetic Patient, with Remarks on Percussion of the Mastoid Process, 412; on Tympanic Neuralgia in Connection with Abscess of the Tongue, 410
- KUHN, Cholesteatoma of the Right Middle Ear; Death during Operation owing to Entrance of Air into the Injured Sigmoid Sinus, 50; Otitis Media Purulenta; Death from Meningitis, 50
- Labyrinth, Diseases of the, in Otorrhœa, 127; Diseases of, treated with Amyl Nitrite, 80; Necrosis of the, with Facial Paralysis, 402; Physiology of the, 61; the Conducting Portion of the, 185
- Lateral Sinus, Thrombosis of the; Recovery, 214
- LICHTWITZ, A Case of Bezold's Mastoiditis; Recovery after Operation, 47
- LOMMEL, The Pathological Conditions in the Middle Ear and Sphenoid Sinus, in True Diphtheria, 151
- LOVE, "Deaf-Mutism: A Clinical and Pathological Study," Review of, 107
- Mastoid, One Hundred and Fourteen Successive Cases of Operations on the, 205; Operations on the, Under Local Anæsthesia, 116; Percussion of the, in Middle-Ear Suppuration, in a Diabetic Patient, 412; Symptoms Showing the Advisability of an Operation on the, 321
- Mastoid Cases with Brain Disease, 425
- Mastoiditis, Bezold's, with Pyæmic Symptoms, 313; with Recovery after Operation, 47
- Mastoid Process, Dry Acute Caries of the, 402
- Measles, Pathological Changes of the Ear in, with Eighteen Autopsies, 351
- Membrana Tympani, Diagnosis of Perforation of the, 414
- Middle Ear, Complications of Suppuration of the, 253; Principles of Medicamentous and Local Treatment of Suppuration of the, 403; Reports on Diseases of the, 70, 202, 420, 423; Some Conditions Opposing the Radical Cure of Chronic Suppurations of the, 408
- Middle Ear, Study of the Radical Operation for Diseases of the, 406
- Middle Ear Suppuration: Intracranial Extension, and Recovery after Operation, 389
- Miscellaneous Cases, Reports on, 62, 195, 326
- Miscellaneous Notes, 109
- MORF, A Case of Otitic Brain Abscess in the Occipital Lobe, 297
- Mumps and Aural Diseases, 327
- Nasal Septum, Deviation of, in Ear Diseases, with a New Operation for Relief of, 322; Report of Diseases of, 442
- Nose and Naso-Pharynx, Diseases of the, 81, 222, 438, 453
- Nose, Foreign Bodies in the, 444; Neoplasms in the, 445; Operative Procedures for the Exposure of the Upper Cavities, Accessory to the, 407 (See Accessory Cavities); Relation between Diseases of the, and the Eye, 94, 95; Surgery of the, Miscellaneous Cases of, 451
- Ossicles, Excision of Carious, 124, 405; Pathology of the, 405
- Otalgia Hysterica, 117
- Otitis Externa, Ætiology of, from a Practical Point of View, 399

- Otitis Media Acuta, Report on cases of, 229
- Otitis Media Purulenta, Bacteriological Examination in, 114; Cases of, with Extension into Back of the Neck and Skull, 30; Death from Meningitis during, 50; in Both Ears, 237; with Abscess in the Temporo-Sphenoidal Lobe, Operation and Death, from Leptomeningitis, 368
- Otology and General Medicine, 323
- Ozæna, Cases of and Treatment of, 86, 226; Electrolysis in, 88
- Pharynx, Tuberculosis of the, 98
- Physiology, Reports on, 61, 192, 325
- Pilocarpine, A Case of Extreme Deafness in which great Improvement followed the Use of, 322
- PRITCHARD, "Handbook of Diseases the Ear for the Use of Students and Practitioners," Review of, 105
- Pyæmia, A Case of Otitic, Cured by Excision of the Trombosed Vein, 124, 147
- Reports on the Progress of Otology during the Year 1896, by Dr. Arthur Hartmann, 60, 190, 324, 418
- Report of the Section of Otology and Laryngology at the Sixty-sixth Annual Meeting of the British Medical Association at Montreal, 1897, 459
- RUDOLPH, Pathological Changes of the Middle Ear in Measles; Report of Eighteen Autopsies, 351
- Sarcoma, History and Necropsy of a Case of, in the Pharynx and Middle Cerebral Fossa, 168
- SATTLER, A Case of Secondary Cholesteatoma of the Antrum and Mastoid Region, 26
- Scarlatina, The Ear in, 218
- Sclerosis, An Initial Symptom of Aural, 376
- SCHMIEGELOW, Intra-Cranial Extension of a Middle Ear Suppuration, Operation and Recovery, 389
- Septum, Angioma of the Nasal, 227; Diseases of the, 446; Papilloma of the Nasal, 141
- SHEPPARD, Three Fatal Cases of Otitic Brain Disease, 261
- SIEBENMANN; The Central Acoustic Tract and its Involvement by Tumors of the Mid-Brain, Especially of the Corpora Quadrigemina and the Tegmentum, 270, 335
- Sinus, Case of Congenital Auricular, with Recurring Inflammation, 188; Contributions to the Study of Thrombosis of Otitic, 405; Rules for Penetrating the, 89; Thrombosis of Lateral, with Perisinuous Abscess, 321
- Sound-Conducting and Sound-Perceiving Apparatus, Differential Diagnosis between Diseases of the, 320
- SPALDING, Report of the Section of Laryngology and Otology at the Sixty-sixth Annual Meeting of the British Medical Association at Montreal, 1897, 459
- SPEAR, Notes upon some new Low-Tuned Tuning-Forks for Clinical Purposes, 373
- STACKE, "The Operative Exposure of the Middle-Ear Spaces after Detachment of the Auricle as a Radical Procedure to Cure Chronic Middle-Ear Suppurations, Caries, Necrosis, Cholesteatomata of the Temporal Bone," Review of, 461
- Statistical Papers, 418
- Superstitions, Popular Medical, Concerning Diseases of the Ear, Nose, and Throat, 244
- SWAIN, Four Cases of Otitis Media Purulenta with Extension into the Skull and Back of the Neck, 30
- Syphilitic Ear Diseases, 328
- Tabes, Aural Affections in, 400
- "The Year Book of Treatment," Review of, 333

- THIGPEN, Report of Cases of Middle Ear Suppuration, 253
- Thyroidin, Use of in Deafness, 435
- Tinnitus, Case of Objectively Visible, 436; Cured by Plicotomy and Tenotomy, 63; Treatment of, 128
- Tonsils, Various Affections of the, 99, 233
- Tuberculosis of the Middle Ear, 130
- Tuning-Forks, Notes on some of Low Tone for Testing, 373; Report of Seventeen Hundred Patients Tested with Hartmann's Series of, 1
- TURNER, Papilloma of the Nasal Septum, 141
- Tympanum, New Method of Treating Deafness due to Catarrhal and Suppurative Inflammations of the, 158; Neuralgia of, in Connection with Abscess of the Tongue, 410
- Velum, Pharynx, and Oral Cavity, Diseases of the, 456
- ZWAARDEMAKER, An Initial Symptom of Aural Sclerosis, 376
